## Developing Quality Tennis Players at All Levels

### PEE WEE TENNIS

For children as young as 4 years old to give them their first introduction to tennis. We help them to improve coordination and movement and teach racquet and ball skills.

### ADULT BEGINNERS

You have never picked up a racquet or have only played for fun and would like to learn more.

### ADULT IMPROVER

You can rally and serve, but want to learn more and improve your technique.

### COMPETITOR

You are competent in most areas of the game and want to play more matches, book a game with a pro or just participate in the match play day. (Call the club to confirm dates and times of match play day.)

### OTHER SERVICES

Private Coaching for individuals or small groups at all levels  
Racquet Stringing

**Led by founder, Sydney Lopez**, the team at St. James Racquet Club have all played on the international tennis circuit and are dedicated to nurturing your talent, whatever your level. Sydney's interest in tennis began at the age of 10 when he was a ball boy and a year later was given the opportunity to start playing the game. His achievements in the years since have been phenomenal. He became the National Tennis Champion of Barbados at age 17. In 1983 he was the Tennis Champion in Prince Edward Island, Canada. He then coached in Thouro, Nova Scotia for the next three years.

On his return to Barbados he represented Barbados in the Davis Cup in the years 1992 and 1993 and became Captain for the Barbados team in the Davis cup in 1995.

Since 2001 some of Barbados' top players have been exclusively coached by Sydney – most notably Darian King who, as of February 2013, was ranked number 47 in the World Junior Ranking of the International Tennis Federation and is number 484 in the world in the ATP World Tour.

Sydney maintains his grip on the tennis scene by participating in International Tennis Federation coaching seminars and he also attends the United States Tennis Association (USTA) seminars and tournaments, including Wimbledon.
